

# SUPPORT UNITED!

## NETWORK AGAINST NATIONALISM, RACISM AND FASCISM AND IN SUPPORT OF MIGRANTS AND REFUGEES

Linked through UNITED hundreds of organisations from all over Europe work together on a voluntary basis against discrimination.

Racism can only be combated by unity. We must stand together to support the antiracist, anti-discrimination vision – to speak out against nationalism and fascism, and in support of migrants and refugees.

UNITED is a network that connects organisations across Europe to raise awareness of intercultural action and respect, lobby political institutions and provide information, support, contacts and advice. Our campaigns take many approaches, but all are focused around unity and hope. Together we want to build a Europe of tolerance, solidarity and respect. We need a common voice to speak out against racism and exclusion in Europe.

## UNITED

We believe that change can only be done by networking from the bottom up – through unity and solidarity. Since 1993, more than 550 organisations from 46 European countries have joined to make Europe a better place - for all.

## FOR

We stand for mutual support, common action and the belief in the virtue of diversity. Together we want to create a Europe of respect and solidarity, a Europe of intercultural understanding.

## INTERCULTURAL

We all live under the same sky, but see a different horizon. The UNITED network provides an exchange-platform for organisations to get connected and share expertise. Understanding common problems in different contexts enables activists to develop creative actions on all levels: regional, national and international.

## ACTION

Common campaigns, cross-border projects and international gatherings translate the network's power into concrete action. UNITED produces and provides free campaign material & networking tools, coordinates international campaigns & projects, and brings together the expertise and creativity of hundreds of different organisations to strengthen the international anti-discrimination movement, from Portugal to Russia and from Iceland to Cyprus.

## DIVERSITY IS A VIRTUE, SOLIDARITY A DUTY

UNITED is a pan-European network with an open policy:

- Every group, organisation etc. that share values such as human rights, diversity and intercultural respect is welcome to join
- Everybody who is committed to our values is welcome to join our European-wide campaigns, has free access to information & contacts and can use our campaign material and networking tools for free.

Our ambition is to build up and strengthen civil society movements in the fight against hate, intolerance and fear; to give better visibility to the anti-discrimination movement; to stimulate cooperation among a variety of actors; to support the flow of information and expertise among Europe's NGOs; to create and distribute vital campaign-, networking- & educational material for free.

UNITED is, and always will remain, independent of any political party or governmental institute. That's why UNITED depends on financial support from a wide range of sources such as supporting NGOs.

By today, more than 560 organisations from 46 European countries have joined the network and contribute according to their possibilities. The UNITED network can only be kept alive through the mutual solidarity of supporting organisations. Solidarity means also to respect the different possibilities of each organisation. This is why we have set different annual support fees by type of organisation and country – the ones with greater capacities contribute a higher amount and thus enable the participation of others with less money.

Become a part of the UNITED for Intercultural Action Network and show active solidarity with grassroots organisations all over Europe! By being a SUPPORTER of UNITED your organisation becomes part of an active network and contributes to the progress of the anti-discrimination movement.

The work of UNITED largely depends on the financial support of supporting organisations. The annual support fee directly contributes to the production and distribution of publications and campaign material.
