

SUPPORT UNITED!

NETWORK AGAINST NATIONALISM, RACISM AND FASCISM AND IN SUPPORT OF MIGRANTS AND REFUGEES

Linked through UNITED hundreds of organisations from all over Europe work together on a voluntary basis against discrimination

Racism can only be combated by unity. We must stand together to support the antiracist, anti-discrimination vision – to speak out against nationalism and fascism, and in support of migrants and refugees.

UNITED is a network that connects organisations across Europe to raise awareness of intercultural action and respect, lobby political institutions and provide information, support, contacts and advice. Our campaigns take many approaches, but all are focused around unity and hope. Together we want to build a Europe of tolerance, solidarity and respect. We need a common voice to speak out against racism and exclusion in Europe.
